

Banking And Insurance:Contemporary Issues And Challenges

Dr. Anand Raj

Banking and insurance sectors are the most important over view point in our modern era. We know well collection of financial purpose already depend on financial institutions and taking risk view which is most important clue of corporate sectors, public sectors. A lot of scarcity knowledge of banking and insurance policy among public. So we can give the view to public working in different things as following as- The first thing that strikes about the collection of articles featured in the book is the wide time horizon over which the articles were penned. The book succeeds in providing a panoramic view of issues that have confronted the economy over the last two decades, a period that has been exciting for the Indian economy with the country moving from the throes of despair at the beginning of the decade of the 90s to a period of heady growth and further, to the present, when we are facing multiple challenges. The book deftly captures several major landmark events/developments in the banking sector with the perspective of the point of time when these articles were actually written. It is noteworthy that apart from India, Venugopal has also extensively covered the economic developments in China in his articles. Venugopal has made a strong pitch for economic cooperation between the two major Asian markets naming China as the market of the future and stating that India should Seek to get its due share of this market.
